

RENTAL OF COLLEGE FACILITIES STATEMENT

Nazarene Theological College (“NTC” or the “College”) was founded by the Church of the Nazarene and exists to serve God through equipping people for service. The College prepares candidates for ordination in the Church of the Nazarene and supports students from a wide range of backgrounds into higher education. The College has an emphasis on supporting people from non-traditional backgrounds.

The values of the College are: Relationships, Learning, and Excellence. Love of God and neighbour in all aspects of its life and service are manifest within these central values – and generosity is a hallmark of what the College does to demonstrate this. The College seeks to be a valued part of the Didsbury community and welcomes residents to walk around the grounds, participate in events, and enjoy the beauty of God’s creation. The College has a heart for the marginalised and seeks to offer safe spaces for Support groups to meet.

The College rents its facilities at commercial rates to many clients, but, within the values which are at the heart of the College, it offers discounted rates to the following groups, although this is not an exhaustive list:

- British Isles Nazarene Church groups and/or ministers
- Church groups
- Manchester Wesley Research Centre research fellows and members of the Manchester Centre for the Study of Christianity and Islam
- Current employees and students
- Support groups empowering those from backgrounds of addiction, homelessness or other established needs
